PRINCIPAL’S NEWS

August 2012

Young Writers Showcase

The 2011 HSC Young Writers Showcase was held at the State Library late last term. The Showcase is held to recognise exceptional student work in the HSC 2 Unit Extension English course. Shonty Fisher from Kirrawee High was chosen from the 20 students recognised across NSW to give an address to a packed theatrette on her approach and journey to her final product piece worth 100% of the course mark.

For one so young she was erudite, articulate and demonstrated a superior process of thought. She made special mention of Anne Barnett her English teacher and the dedication shown towards her. It made you very proud to be a public educator.

While you can read her script in the Young Writers Showcase 11 book produced by the NSW Board of Studies, which is in the school library, I thought it was worth reproducing her address to the audience at the recognition ceremony so that our whole school community can experience the sophisticated level of her presentation. It also gives you an insight into the writing capability of the students we have at Kirrawee High. It is worth noting that Kirrawee High has had more students recognised than any other school in NSW since the inception of the HSC Young Writers Showcase.

Shonty’s speech is reproduced with her permission.

Electing the English Extension 2 course was never an option for me; it was a given. I had been enticed with such phrases as ‘an outlet for creativity’, ‘independent investigation’ and other libertarian lines since that twinkly-eyed era of book burdened back packs and paperback dreams that characterised my junior high school career. Had I been a little more deciphering of my elder peers’ drooping eyes and coffee splattered countenances perhaps I would have deviated from my plans.
But like most little story-tellers I deftly decided the dictatorial demands of what I call the dark arts, or otherwise known as the sciences and mathematics, were to blame for the flagrant suffering of the seniors. Yes, my ignorance was bliss but it was also bigoted. And so ensued my self indulgent pursuit of my major work.

Upon reflection I realise the vast majority of my workload comprised of reading, and have noted a mutual sentiment expressed by many of the published students when I say the title ‘writer’ is a misleading one. Many suggested ‘editor’ or ‘researcher’; I, myself preferred to think of the role as the ‘interpreter’, projecting ideas already in avid discourse in academic or literary realms into a theatrical format - a translation of sorts.

The script form instantly magnetised me. Its absolute focus on dialogue meant characterisation was bound in every word, its striking resemblance to life is at once chilling and inviting, but perhaps what was most alluring was the fact that stage scripts are intended to be performed, animated, breathed life into.

It was a superhuman prospect: to be able to make life with my mind, something that would have a voice, a visage. I sought to express this sensation through the character of Tim2 at the end of the play when he pleads, "what will become of us? We will become lifeless words on a page! Let us live!".

Aside from all these factors, writing a script allowed me to explore in depth some of my most cherished playwrights, first and foremost being Dario Fo. Writing in a time when Italian authorities censured the socialist content of all plays in production, Fo persevered in communicating theatrically to his fellow citizens. Most bewildering though, was his manner of approach. He didn’t seize the hearts of a nation through empowered anti-heroes or lugubrious tragedies, but through comedy and satire.

He maintained that if people aren’t emotionally engaged their intellect is appealed to instead, and so by distancing the audience from the action on stage, he brought the people closer to action against oppression. My conversion to comedy had henceforth commenced, swiftly but not seamlessly. It was from this point that I started to work with the motto "If I can make them laugh, they will listen. If they listen, they will think. And when they think, my work is done".

The holy grail of all artists is undoubtedly ‘originality’ - its unattainability making it so desirable. One can be driven half-mad trying to erase indelible derivatives from one’s work. Early on I accepted that my ideas were indebted to multitudinous sources and that my goal should be to create a blend of these in a unique way.

So although I attained a sense of achievement from the course, I was also humbled by the knowledge that were it not for the sturdy foundations of my research, my own work would be a feeble construct. In essence I concluded, anyone can write a good story, but it takes many to write something great.

This leads me, of course to the indebtedness we all owe to our teachers, family and friends - the literary labourers who ploughed through the No Mans Lands of our minds and made sense of all the nonsense. Believe me there was more of that than the final product may have you believe. My gratitude is infinite for the tireless team of English teachers at Kirrawee High School, who really became editors without the official title, but all of the tedious responsibilities.

Most emphatically I thank Mrs Anne Barnett, the woman who taught me the way of the word, and who listened to mine with the patience and faith of a saint. The BOS must be thanked and congratulated on allowing such an unusual course to be taught and supported by events such as this, and the publication of Young Writers Showcase. It inspires students to strive for the recognition that they may not have otherwise received.

I apologise that I have only been able to speak of my own creation today. I have not had the privilege of meeting my fellow selected students, though their voices are as clear in written form as is mine on this stage. I hope I have done you justice, for though my account has been true, it may not be true of all.

Her inflections, tone colour and timing added to her presentation and impressed everyone present. She was later inundated with congratulations and represented Kirrawee High with distinction.

**Commercial Development Applications in Putland Close, Kirrawee**

The school was notified last term of two commercial development applications submitted to council for the shops located behind the school oval at 13-21 Putland Close, Kirrawee. The development applications were for the fitout and use of existing Shop 1 as a Liquor Store and the use of Shop 5 as a Pizza Restaurant with seating for 36 people and extended trading hours from 8 am installation of one advertising sign.

After consulting with school staff, P&C and the School Council I wrote objection letters for both proposals which represented the unanimous view of these groups. In summary the objections were on the following basis:

**Proposed Liquor Store at Shop 1**

Our school community specific objections were:
1. The store and its advertising will be able to be viewed from the school premises by students during the school day.
2. Some alcohol purchased from the store will inevitably impact on the school as it is consumed in inappropriate places either, given the layout of the school and its surrounds, directly on school premises or adjacent to the school. This will result in broken glass (possibly on the oval used for student sport and P.E. lessons) and litter on the school premises in the way of bottles and cans.
3. Potential for groups affected by alcohol to congregate near the liquor store and impact on students on their way home.
4. Increased volume of traffic impacting on students as pedestrians and inexperienced P-Plate and learner drivers.
5. Outside surrounds of the school are poorly lit at night allowing groups of teenage drinkers (some possibly underage) to congregate readily.
6. Associated alcohol and drug use resulting in discarded needles impacting on school premises.

**Proposed Pizza Restaurant at Shop 5**

Our school community strongly opposed increased trading hours specifically in the morning.

Following the closing date for objections I attended a Council organised information session where some local residents also attended to express their concerns. My understanding from correspondence received from Council is that following the information session the subject applications will be considered by Council's Independent Hearing and Assessment Panel (IHAP). The Panel will then prepare a report which will be considered at Council's Environment and Planning Committee. After speaking with a Council Officer last week I believe that these applications will be determined on 6th August, 2012 at the Sutherland Shire Council Meeting.

**Writing Survey K-12**

Sydney Region Department of Education and Communities is currently conducting an evaluation of writing K-12 across the curriculum. They are seeking the views of teachers, principals, parents and students about the teaching of writing in our schools. The link below will take you to a survey that will take no more than 10 minutes of your time. Your views will remain confidential and will help DEC to deliver better resources and professional learning across the region to support student learning. The Survey will stay open until the end of July.

The links to the survey for students and staff are:

**STUDENT SURVEY LINK:**
http://www.zoomerang.com/Survey/WEB22FSY7RY2M2

**PARENT SURVEY LINK:**
http://www.zoomerang.com/Survey/WEB22FSJE5PLYJ/

If you have a spare 10 minutes the DEC would appreciate your thought and comments.

Bob Hollywood
Principal

**Year 12 Parents and Students**

As students face the stresses of the Trial Examinations and the pressure of submitting and completing HSC performance and practical requirements please keep us informed if we can provide any extra support. For students with a number of practical components this is the most stressful period of the HSC year.

During the Trial tea, coffee, hot chocolate and biscuits will be available in the Learning Centre.

If a student is unable to attend an examination please ensure that I am informed and that documentation is supplied to support the situation.

**Deadlines that are approaching**

**Educational Access Schemes (EAS)**

EAS applications will open in August 2012

Most institutions that participate through UAC have an EAS for applicants who’ve experienced long-term educational disadvantage due to circumstances beyond their control or choosing, which has seriously affected their educational performance. A long-term educational disadvantage should normally be experienced for a period of at least six months.

**Other University Scholarships**

There are a range of scholarships available for students where significant financial difficulties/hardship may have affected a student education outcomes. If you believe this to be the case please contact me in confidence to discuss an application.

When available online the form will indicate the type of disadvantage and the documentation required. The types of disadvantage include:

- Disrupted schooling
- Long term medical issues
- Financial hardship

This scheme is not for elite athletes as the time involved is deemed to be of their choosing.

When we know the closing date we will indicate a day when a number of us will be available to sight original documents and help in the application process. The school has to supply a letter to support the claim for educational disadvantage and we have to forward applications.

If you believe you've been disadvantaged in your secondary schooling, and want to apply for special consideration please contact Mrs Kennehan, Ms Balderston, Mr Olovich or myself in August or go online to access the form. You will need to provide original documents to support your application.

**Elite Athletes**

Each University has different arrangements and now is the time to get on line if you believe you are eligible.

**Early Entry**

Not all universities have this so you need to check with individual institutions. Wollongong University has sent a number of speakers to school in the past three months. Their application process closes on 15 August.

**The Australian National University** in Canberra is sending material to the school and if you are interested please see me.

Parents, the applications for these programs and various scholarships are time consuming and might be better left in your hands.

OUTSTANDING ACHIEVEMENTS

Year 11 Outstanding Achievers

Students in Year 11 have completed the first semester of the Preliminary course. Their results showed that they are well on the way to becoming mature and dedicated senior students.

Many students received outstanding results across a range of subjects. This week the Year 11 students who came first or second in a course received Certificates of Achievement for Academic Excellence. These students have set the bar high as they strive to achieve at the highest level in all subjects.

Some noteworthy achievements are:

- **Taryn Carson** - First in English Extension, French Continuers and Mathematics. Second in three subjects.
- **Bianca Ho** - First in Business Studies, Economics, English Advanced, Legal Studies, Mathematics and Mathematics Extension 1.

**Caitlin Gray** - 100% for Modern History. An amazing achievement!

Congratulations to all Year 11 students for successfully completing their first semester of the Preliminary Course.

Ms Quan and Mrs Patmore
Year 11 Year Advisors

NSW PREMIER’S READING CHALLENGE

The NSW PRC is in full swing at KHS with all students being encouraged to participate in this event. Every Year 7 English class, during a library lesson, has been reintroduced to the PRC and the benefits of taking part. It is a timely reminder of how important reading is to every student’s development with their vocabulary, writing and comprehension. Twenty books need to be read by the beginning of September. All information related to this event can be found on the NSW Premier’s Reading Challenge website.

Please encourage your children to accept and complete the challenge so they can enjoy the reading experience.

BOOK DONATION

Once again Miranda RSL has made a generous donation of books to the school library. The staff and students greatly appreciate this gesture and hope the RSL continue this tradition of promoting reading.

Regards

Cathy Barden
Our Year 12 students in Textiles and Design and Technology are really busy preparing their Major Works for external HSC Marking. The ‘H week’ program proved really effective in helping our students to prepare and focus on their Major Projects during the holidays. We look forward to seeing the results of their hard work and creative efforts.

There are nine HSC subjects in the TAS faculty and we feel students are preparing themselves well for the Trial HSC examination period. Students should make good use of the opportunity to talk with staff and get advice, the HSC is not a ‘lone wolf’ exercise at all.

Year 10 students are starting in the process of thinking through their options for 2013. Many of the subjects in the TAS faculty are quite different to what students have experienced to date. Particularly Community and Family Studies, Information Processes and Technology, Design and Technology, Engineering Studies and all three VET courses. I encourage all students to take the opportunities presented during our quite extensive subject selection process to talk to teachers and students already doing those subjects in the hope of getting a good handle on the nature of these courses. All of the courses on offer have significant elements that directly prepare students for tertiary training and future career aspirations.

The Amphitheatre is taking shape with the landscaping completed and we hope the Year 12 students will have the work completed by their graduation. A ‘performance in the park’ has been mooted as a possibility for later in the year, if ever it stops raining! Presently plans are being finalised for the installation of the sound and lighting system plus the addition of a shade structure. The Metal and Engineering class will be involved in this development as well as the construction of some ‘green walls’ of plantings in E block which should be completed this term as well.

Lloyd Zietsch
Head Teacher TAS

Students at Hospitality Work Placement in June 2012

Kirrawee High School
Year 11 City Photoshoot

The day once again was perfect for some great outdoor photography as the students headed to the city to view the Photos 1440 Exhibition and the World Press Photo 2012 Exhibition that were on at the State Library.

There are 1440 minutes in a day and during these minutes photographers capture moments and the exhibition is of some of these moments. The exhibition has some of the best published and unpublished photos by Sydney Morning Herald Photographers from 2011 to the present.

The World Press Photos 2012 is an exhibition of some of the world’s best photojournalist’s work entered in the World Press Photo of the year contest. There are 200 works to see here, and they are moving and graphic and tell stories from around the world.

Photojournalism is a relevant career for photography students and it is inspirational to see others working in this field.

Not to let the opportunity be missed the students then moved down towards the harbour, shooting city landscapes and iconic landmarks along the way, through the Botanical Gardens and around Circular Quay. Once again, like the seals at Cronulla Beach shoot, we had a whale and its mother in the harbour for the day, although all we got to see were the four helicopters capturing the images for the night’s news, another example of photojournalism at work.

Kerrie Barclay
Teacher
**Creative Arts News**

In the holidays three of our creative Year 11 Visual Arts students attended art workshops to develop their talent, skills and abilities. Emily Dabron, Amy Sutherland and Keegan Spring went to an Art Express drawing workshop held at the Orphan School at Parramatta.

Students were given the opportunity to work with practicing artists and with a variety of drawing media to support and extend their own art making practice. The students also interacted with other talented students from across the state and found this whole experience interesting and very rewarding. Keegan Spring commented: “I really enjoyed it! I learnt so many handy techniques that I am so grateful for. It was very beneficial to experiment with so many different mediums and to focus on the aspect of negative space.”

Amy Sutherland also attended a workshop held at the Hazlehurst Art Gallery for talented Year 11 Visual Arts students from the region. This workshop gave the nominated students the opportunity to experiment with photographic process and nature, while working with a leading contemporary international artist, Binh Danh.

American artist, Binh Danh, is currently exhibiting in the Biennale of Sydney, 2012, so to have this time and experience to work and interact with him in a small group environment was invaluable. Amy Sutherland said: “Working with the famous artist, Binh Danh, was very informative and exciting. I learnt about the way artists make photographs using the effects of sunlight on chlorophyll. I had the opportunity to make my own pictures using sun sensitive paper and printed images onto them.”

Mrs. Veljanovski

H.T Visual Arts / Music

**Music Night**

The music department organised a very entertaining *Music Extravaganza* last term. This evening showcased the talents of students from Years 7 to 12. The audience was entertained by the junior and senior stage bands, the wind orchestra and concert band, the junior and senior vocal ensembles, and various other groups and individual items.

I am always so very impressed by the talent at Kirrawee High School. There were many special moments during the evening, but I would like to highlight the fabulous individual performances by Luke Delany in Year 8, Blake Buckley in Year 12 and Rachel Wilson in Year 9. The new acapello groups recently formed by Ms Lacey were terrific, and they performed beautifully together, considering they had only practised as an ensemble for less than six months. Mrs Fawer’s orchestras were amazing and were a very professional group of young artists, sounding like something you would hear in a concert hall. Mr Gullick’s stage bands were as exciting as ever to watch, and the sounds they produced really made you want to get up and dance !!!

Another special part of the evening was when Mr Gullick and his talented son Hamish, performed together. Hamish worked his magic on the double bass as his father accompanied him on the piano; it was a lovely and moving performance. I would like to mention all the students who performed, because they deserve to be applauded for their talents and dedication to music, but I would take up the whole newsletter, so I have included a copy of the night’s program.

Congratulations to our hardworking and talented music teachers who, through their inspiration and guidance, enable our students to shine and present such a spectacular performance. Please take the opportunity to attend the next Music Night at Kirrawee High School - you will have a thoroughly enjoyable time!

Mrs. Veljanovski

SPORT

HOCKEY NEWS

The Boys and Girls Open Hockey teams should both be congratulated on their efforts to become Sydney East finalists in 2012.

These girls played very well against Blakehurst and defeated them 6-0. Their next opponents were St George Girls, where they found themselves 5-2 down and had to play very hard to be 5 all at full time. This meant that they went to drop off sudden death, where Kirrawee Girls defended well, then took the ball to the opposing goal and scored the winning goal. Now they will be playing Western in the next couple of weeks.

The Boys Hockey team consists of the following students: Maurie Craine, Jason Sparks, Alex Hopkins, Angus Dibley, Lachlan Colquhoun, Matthew Zuber, James Murray-Prior, Adam Sullivan, Tyson McCall, Andrew Griffiths, Nathan Sullivan, Mason Neale, Alec Colquhoun, Matthew Sparks, Jake Padwick.

These boys played very well in both their games firstly defeating Sylvania 4-0. The goal scorers for this match were Tyson McCall-1, Adam Sullivan-2, Jason Sparks-1. The second match was against Endeavour where they won 13-4. The next round for the boys team is against Gosford High School the next week.

Kirrawee started tentatively against a fired up Bega team. As the match went on, we started playing some quality football with the breakthrough coming from Ryan Gannon’s second touch of the ball moments after being subbed on. A sublime chip over the keeper to give as a 1-0 lead at half time.

The second half deteriorated as the yellow card count mounted. The boys did well to continue to rebuild momentum after some dubious calls against them. Unfortunately, Bega took advantage of the situation and closed out the match with a tight 2-1 win.

Full credit to the way the boys carried themselves in the face of unexplainable refereeing decisions. It would’ve been very easy to take out the frustrations on the opposition, but they remained relatively composed.

The loss means we bid farewell to our Year 12 boys: Liam Unicomb, Ryan Gannon, Pat Beck and Coen Simmons-Smith. They are a huge loss to the school both in their talent and attitude towards the game.

A huge thank you to the parents that made the 6 hour trip down to Bega: Matt and Leah-Ann Dibley, Kate Tye, Kerrie Lyons, Tam Hinchy, Kim Campbell, Paul Greer, Howard Unicomb and Andrew Royall.

Despite the unsatisfying manner in which we departed the competition, the signs look good for KHS football in 2013.

U/15 BOYS FOOTBALL

Bill Turner Plate Round 1 vs. Caringbah High
WON 2-1 / Goal scorers: Thomas 26’, Foster 33’ (Pen)

A dominant performance by the boys saw us easily account for Caringbah, with the score line not truly reflecting our dominance. Liam Thomas scored a cracker from distance and Brandon Foster expelling the demons from our penalty shoot out disaster against Woolooware with a clinical penalty. Charlie Doyle was fantastic up front, Rhys Leitch caused trouble all day down the left and was unlucky not to score and nothing got past Dylan Larmour at the back.

The boys look forward to their round 2 match in the coming weeks.

OPEN BOYS FOOTBALL

NSW CHS Round of 16 match v. Bega High School
LOST 1-2 / Goal scorer: Gannon (31’)

A lesson in life is the best thing to take out of our away trip down to Bega. With a trip to the cheese factory as the incentive (as well as a spot in the NSW quarter finals),
INTERSCHOOLS SNOWSPORTS CHAMPIONSHIPS

Sienna Doolan of Year 8 competed in the Northern Interschools Snowsports Championships during the school holidays at Thredbo. Sienna won a silver medal in the Snowboarder Cross and placed 4th in the Giant Slalom. She qualified for the State Championships and will be competing again in late August.

Sienna also raced in the Scots College Snowsports Championships, placing 4th.

This is a fantastic effort, for only her second year racing.

Congratulations, Sienna!

SYDNEY EAST REGIONAL ATHLETICS CARNIVAL

The regional athletics carnival was held on July 30 and 31 at Sylvania Waters Athletics Field. Kirrawee High had more than 70 students in the Sutherland Zone team, including 7 relay teams. Results to follow.

REGIONAL FUTSAL CHAMPIONSHIPS

Our Kirrawee girls have had outstanding success in the regional Futsal Championships held at the end of term 2 at Menai Indoor Sports Centre.

Our U/14, U/16 and Open Girls all qualified for the State Championships to be held early this month, with the Open Girls winning the Regional Championships (including a resounding 6-0 grand final win against St. John Bosco College) and the U/14 being runners-up.

KHS OPEN GIRLS FUTSAL – REGIONAL CHAMPIONS.

CONGRATULATIONS TO:
Six KHS Year 12 students, Coen Simmons-Smith, Ryan Gannon, Alex Larkin, Patrick Beck, Liam Unicomb, and Jacin Grant who are members of the Kangaroos Kirrawee FC 18A team. On Sunday 15th July the team competed in the Final of the State Cup. This tournament attracts nearly 500 team entries each season state wide. The boys played at Football NSW Valentine Sports Park and beat Gunners SC in a thrilling come from behind win, 2-1.

KHS OPEN BOYS FUTSAL – REGIONAL QUARTER FINALISTS.
Back row: Coen Simmons-Smith, Liam Unicomb, Alex Larkin, Daniel Fallins. Front row: Brandon Hendra, Pat Beck, Ryan Gannon.

Our boys teams struggled against tough opposition from all over Sydney, with our U/14 and open boys doing well to get to the quarter finals.

CONGRATULATIONS TO:
Coen Simmons Smith  Ryan Gannon  Alex Larkin
Patrick Beck  Liam Unicomb  Jacin Grant
