Some of our HSC students in a group study session led by Mrs Balderston at one of our Saturday HSC library open study days.

Attendance of students until end of Term 4 on Wednesday, 19 December

The following memorandum extract from the Deputy Director-General, Schools – Gregory Prior outlines the attendance requirements for students until the end of Term 4 2012. All parents should note the stated attendance requirements. In particular Year 10 parents should understand with the removal of School Certificate tests and the introduction of the Record of School Achievement (RoSA) that there is a new requirement for their son or daughter to attend until the end of Term 4 2012.

Memorandum to: principals (secondary and central)

With the removal of School Certificate tests and introduction of the Record of School Achievement in 2012, all students excepting those undertaking Higher School Certificate examinations will be required to attend school up until the last day of teaching.

As school staff are involved in school development days at the end of Term 4 in 2012, all students are required to be in attendance until the third last day of Term 4, Wednesday 19 December 2012. Prior to this date, programs for students in all year groups should be based upon the achievement of outcomes as appropriate to curriculum and syllabus requirements.

Gregory Prior
Deputy Director-General, Schools
August 2012

Please direct any attendance enquiries you may have to our Head Teacher – Administration, Mrs Blanch.

ATTENTION

Receipting will cease at the school office on Thursday, 29 November until Tuesday, 4 December 2012 for the end of financial year roll over.
Promotions, Positions, New Staff and Retiring Staff

Welcome and congratulations to the following people who have been appointed to the following positions at Kirrawee High:

**Mrs Marian Matthews** - Promotion to the position of Deputy Principal

**Mr Robert Lawson** – Appointment to the position of Head Teacher - TAS

**Mrs Kathy Barden** – Appointed to the position of Librarian

**Mr Aaron Cooke** – Appointed to the position of Science Teacher

I would also like to recognise our retiring teachers for 2012:

**Mr Peter Myers** - 24 years as Deputy Principal at KHS and 36 years teaching – retired at the end of Term 3

**Mr Lloyd Zeitch** - 15 years at KHS, 15 as Head Teacher and 39 years teaching - retiring at the end of Week 5 Term 4

**Mrs Bev Steele** - 25 years at KHS, 20 as Head Teacher and 34 years teaching – retiring at the end of Term 4

**Mr Larry Gilbert** - 26 years at KHS and 39 years teaching – retired at the end of Term 3

**Mr Phil Turner** - 26 years at KHS and 35 years teaching – retiring at the end of Week 4 Term 4

Each of our retiring teachers has made tremendous contributions to the education of students in NSW over their influential careers and in particular their teaching commitment and expertise to many, many students at KHS. They have been outstanding staff members and their teaching skills world class. They have also been very generous in taking the time over the past few years to impart and model their high level educational skills to our younger staff members.

They have and will be recognised for their educational achievements at a variety of ceremonies and farewells. I thank them all for their successful careers on behalf of all the past and present Kirrawee High School communities.

Extended Library Hours During the HSC

Thanks to the goodwill of KHS staff we have, over the last three Saturdays from 10 am to 3 pm, opened the Library as a study venue for our HSC students.

Many of our HSC students took the opportunity to drop by for quiet individual study, group study and sessions with many planned and informal meetings with teachers in specific HSC subject areas.

We had on the first Saturday over 65 students stop in and on the second Saturday up to ten teachers there at one time.

The students very much appreciated and supported the idea which we are sure will assist and enhance their HSC results. I wanted parents to know that such is the commitment of our staff to our students that those teachers who supervised and assisted students did this on a purely voluntary basis with no remuneration. Overall during the three Saturdays we had over 30 teachers attend at various times.

I am very proud of our students for their efforts to do their best and staff for their extended commitment to our HSC student’s achievement.
**Appropriate Use of Bus Passes**

I would ask all parents to remind students that are travelling by bus to and from school that it is imperative that they have their bus pass with them and have it ready to show when boarding. Students without a bus pass should not expect the bus company to give them boarding access to a bus. I am told by the bus company that from **Monday 29 October, 2012** any student that does not have their bus pass with them will be charged a fare.

For those students that are not eligible for a bus pass they must pay the appropriate fare to the driver and only after it is established that there is sufficient room on the bus after all eligible student bus pass holders have boarded. Eligible bus pass holders have priority.

Any student that illegally gives their bus pass to an ineligible student to use will have their bus pass confiscated with the likely hood that a fee will be charged for the pass to be reissued. Any student that illegally gives their bus pass to an ineligible student to use will have their bus pass confiscated with the likely hood that a fee will be charged for the pass to be reissued. In extreme cases that student may become ineligible for the further issue of a bus pass. This will be determined by the bus company not the school.

If for any reason a student misses or does not gain entry to their correct bus and needs assistance they are to contact, as soon as possible, Mr Munsie, Mrs Matthews, the front office or the nearest teacher. This is particularly important of an afternoon so we can assist the student, if needed, to make arrangements for their alternative travel home.

Mr Munsie is the school’s point of contact for matters concerning bus travel.

Bob Hollywood
 Principal

Even though all Year 12 and Year 8 students were given a tutorial outlining how to make best use of the program in Term 3, and our current Year 11 this term, parents might find it useful to gain extra information from info@yourtutor.com.au. The video will outline the service to you.

Having assessed the program and sought parent approval through the P&C we are now aiming to introduce the program across the school in 2013 at a cost of $30. The cost of a single session with a tutor, in a single subject, is likely to be more than this service that offers a range of subjects and unlimited sessions for 12 months.

We negotiated an earlier start for those who have just started their HSC year so that they could include this term and have access to this extra support before the first round of assessment tasks hit in the next few weeks. The $30 cost will give access into 4th term 2013 when the HSC is running. Year 11 students who have yet to collect their individual access cards should do so ASAP. Student feedback from Year 11 is that the help has been fantastic and many have stopped their sessions with outside tutors.

Marian Matthews
 Deputy Principal Curriculum

**ONLINE TUTORING**

This year Kirrawee introduced an online tutoring service YourTutor, for Year 12 and Year 8 students. The trial ran for two terms and the school funded the program as we wanted to assess its effectiveness. Parents have welcomed the support when suddenly maths or research help was required late Sunday night, for work due on Monday. Students studying for the HSC exams even accessed the site, this week, for that last minute help.

**Year 8 students** should also keep in mind this resource as they study for their examinations. The one on one help is invaluable but also have a look at the SkillsBuilder. This provides examination questions, hints for students if they get stuck and the answers, so make sure you take advantage of this service to give yourself the best chance of success.

Kirrawee High School

October 2012

Page 3
SPORT

EQUESTRIAN
Amy Walker of 7O competed for Kirrawee High School on Saturday, 8 September 2012, at the Camden Equestrian inter-schools carnival in her first events for Kirrawee High School.

She achieved terrific results in the following events;
- 1st in Best Educated
- 1st in under 14h Pony Hack
- 2nd in pairs Hack with her friend Rebecca Davies from Woolooware High School.
- 3rd in Best Presented
- 4th in Rider

Amy and her horse Mojo with all their ribbons.

Amy and Mojo jumping over a 75cm course.

NSWCHSSA CROSS COUNTRY
After much speculation and a painstaking delay in the results being released, our 14 year Boys NSW CHS Cross Country team are Gold Medallists!

Congratulations to Luke Delaney, Liam Thomas, Daniel Watchorn and Joel Walker.

WATER POLO - Canberra Cup
15-16 September 2012
The 17 & Under boys side from Cronulla, with 6 Kirrawee High Boys, competed in the 2012 Canberra Cup, Coached by Predrag Mihailovic. The boys had a fantastic weekend, remaining undefeated to win the final 19-9 against Sydney Uni to take the 2012 Canberra Cup 17 & Under Boys division and the $1,000 1st prize.

The tournament, in its sixth year, has a great format (one of the first for the up-coming season). It was hosted at the AIS, and included a complimentary BBQ on the Saturday night. Teams were entered from Sydney Uni, Hunter Academy, Drummoyne, Nordek (Canberra Academy), Ovens & Murray. Cronulla will look to defend its title next year, and perhaps look at the Opens division for our Senior teams.

KARATE
Kirrawee High acknowledges the achievements of Sean and Julian Bonser at the Shotokan Karate Coalition 9th National Championships (2012) which was held this past weekend in Melbourne.

Both Sean and Julian competed in the 14 - 17 years (Cadets) division.

Sean's results (4 Golds)
- 1st Kihon (Technique) All 14-17 years
- 1st Kata (Set Patterns of techniques) - 16-17 years
- 1st Kumite (Sparring / fighting) - Over 60 kgs
- 1st Team Kata (With Julian)

Julian's results (3 Gold, 1 Silver)
- 2nd Kihon (Technique) All 14-17 years (beaten by his older brother Sean)
- 1st Kata (Set Patterns of techniques) - 14-15 years
- 1st Kumite (Sparring / fighting) - Under 60Kgs
- 1st Team Kata (With Sean)

Congratulations boys.

SCHOOL SPORT – SURFING
Due to popular demand for surfing as a school sport in Term 4, Year 8 students who have completed the Surf Training Course will not be able to attend Surfing for sport until Term 1, 2013. The policy of the sport program is to give preference to Year 9 and 10 students for sport selections.
Knockout Netball

After cruising through the early rounds of the competition the Kirrawee HS team really looked unbeatable in the Regional Championship. However, as the netball season progressed, the injuries increased and the team saw themselves 3 down going into the final rounds of the regional competition, including their co-captain Lara Wood. The girls however, wanted to take out the title for a third year in a row. I was very proud of how really hard the girls worked with little time off the court, confidently progressing to the State Championships. At the central venue the girls beat Cronulla HS, Matraville Sports HS and Endeavour Sports HS. The girls were led on the court by their co-captain Rebecca Riggs.

At the State Championships on 4 & 5 September, the team were again weakened by injury and illness. When we took the court for the first game on Tuesday we only had 7 players. The girls were tremendous, only losing one game to the team that, in the end, made the final. On the Wednesday we played out for final placing, and Caitlin Walker from Year 7 was called up to the team to be our 8th team member. Caitlin slotted straight into the team like she had been in it for years.

A special note must be made of Rebecca Riggs and Lara Wood of Year 12. Rebecca and Lara, co-captains of the girls’ team, have been valuable members of the Kirrawee High netball team for the past four years. Rebecca, as GA, and Lara, as GK/GD, have been outstanding role models for our junior students and encouraged and supported them on and off the court.

Jenny Blanch

Kirrawee High Opens Girls Soccer

It was a crisp Friday morning at Kirrawee High, the oval set up for a much anticipated soccer game. The nervous KHS Girl’s team stepped on to their home field with only one thing on their mind, and that was to win! The only thing standing between us and a top four position in the state was our opponent, Kelso High School.

With a great warm up we were ready to go. As soon as the whistle blew the girls were using their pace down the wings, keeping the Kelso girls on their toes. With a goal (scored by our newbie Roison Collier) half way through the first half the Kirrawee girls were up. However, the Kelso girls came back strongly, getting a goal back. The score was 1-1 at half time.

With the whole school behind us we stayed strong and didn’t concede another goal throughout the second half. With some great defense and attack, the game was taken all the way through golden goal to a penalty shootout.

As silence fell around the school the fate of the KHS team was going to be determined in the next 20 minutes. Kelso had the first shot. With some great saves (by me) and some great shots (one of which was also by me) the Kirrawee girls had won! This took them further in the competition than any other soccer team in the history of KHS.

Our next game was a couple of weeks later against the defending state champions (Cheltenham Girls’ High). It was an extremely tough game, and even though the Kirrawee High girls didn’t win, we still left with our heads held high. With the whole school being very proud of us, we were more than happy to represent the school at such a high level, being in the Top Four girls’ soccer teams in the state.

On behalf of the girls, I would like to thank our super coaches Ms Sites and Ms Salis for making a team and for coaching us all the way to the end. We are very grateful, and we are also thankful for everyone who supported us throughout our games and drove us around Sydney and to Moruya. We are looking forward to going one step further next year.

Bronte Eather (Goalie)
Our new Year 12 classes have made a strong start as they head towards the HSC in 2013. The Engineering Studies class will be off on excursions to the George’s River Bridges and the University of Wollongong (UoW) for curriculum enrichment this month. We are proud of the efforts of our Engineering and Design and Technology students in their entries to the UoW competitions run by the Faculty of Engineering. The work from Jack Zuber, Tanaz Dhondy and Hamish Gullick from the 2012 Year 12 group and Belinda Blades and Lloyd Nurthen in the 2013 Year 12 is stunning and we wish them as much success as last year’s cohort.

The Community and Family Studies classes are beginning to formulate their Independent Research Projects and they are choosing some interesting topics such as substance abuse, social issues related to families, social media and work/life balance. They will prove to be an interesting read.

On 13 September, Year 11 Textiles and Design and Year 10 Textiles Technology students attended an excursion to Sydney Institute, Ultimo Tafe, to watch their annual Theatre Costume Showcase. The show was a theatrical fashion parade, showcasing the works of students from the ‘Diploma of Costume for Performance’ from Stages 1, 2 and 3. Works on show included major projects from final year students, who took their inspirations from a variety of sources; including period costume, movies, ballet and history. Class work paraded, included theatrical millinery, costume cutting and draping, corsetry and underpinnings and costume for dance. Models were provided by Urban Dance Centre with full time dance students who made it a very entertaining performance. After the show we went to the exhibition of 2012 student works along with their folios and inspirations. Hopefully, our textiles students were given some inspiration and ideas to help them prepare for their major projects next year!

The Amphitheatre is finished and we look forward to seeing it used effectively by a whole range of groups within the school. Our thanks to the senior Construction classes with the strong support of Mr Myers, Mr Porter and Mr Short. The boys were faced with a challenging task and the project gave them opportunity to design, observe and construct in a number of areas. These areas included reinforced concrete foundations, brick retaining walls with appropriate drainage, paving, electrical installations for light, power and audio. As well they worked with one of our parents Mr John Miller, from Aspect Shade, in the design and installation of the shade sails.

The Metal and Engineering class will be involved in this development as well as the construction of some ‘green walls’ of plantings in E block.
The B2K kitchen is completed as well. Thanks so much to the school’s P&C for their generous support of the project. We are hoping to hold the October P&C meeting in the kitchen to be able to see the results of their generosity. Our thanks again for the support of another of our parents Mr Graeme Muir from Lidcombe TAFE. Graham has been tireless in the support of the Hospitality development; including kitchens, preparation areas and ‘Café de Kirra’ for 4 years now and we are indebted to him.

![Kitchen Bays](image1)

**Farewell and Thanks**

I have been teaching 38 years and it is time to retire. As I am finishing up in mid-November I would like to take the opportunity in my last Newsletter article to pass on my thanks.

This has been my second tenure at Kirrawee High, having taught here in the years 1981 -88. It was an easy decision to accept an offer to teach here again from 2006. I have thoroughly enjoyed my teaching career, having been at five different schools, but my years at Kirrawee will be remembered most fondly.

Public schools can provide a great education, especially those committed to the whole person with great welfare programs and Kirrawee is such a school, where academic pursuits across a wide curriculum are encouraged but also sporting, social and cultural gifts and skills.

It is hard to get it right for all students but I hope to be remembered as a teacher who was keen to see students get a ‘joined-up’ life, certainly in developing practical, creative and management skills in the TAS faculty, but also as one encouraging young people to embrace all of life enthusiastically, intellectually, physically, socially, emotionally and spiritually.

I would like to pass on my thanks to the broad school community. I have found the parent body at this school to be generous and committed to their children’s education with the sacrifices that come with that. It has been good working with you.

The staff of the school work hard, are creative and good-humoured, and I have always appreciated the perceptiveness that I have found amongst them in dealing with the complex issues related to helping twelve year olds move into adulthood in a society that can seem to pull in a lot of different directions at once.

I have some great memories and stories of a life-time of being ‘at school’.

**Lloyd Zietsch**  
Head Teacher TAS

**Canteen News**

Please be aware that the weekly canteen specials will now be advertised on the school website.
COCKATOO ISLAND

Toward the end of Term 3, Year 9 Visual Arts students visited Cockatoo Island, to gain inspiration for their unit of work based on Urban Landscapes.

Cockatoo Island is located in Sydney Harbour and has a fascinating history as a former convict prison and shipyard. Accompanying them were their teachers Mrs Falconer, Mrs Williamson and Mr Middleton.

The students completed a series of watercolour paintings, charcoal drawings and digital images at various locations around the island. The influence of the aged structures, eerie corridors and deserted buildings were evident in the students work, with some beautiful photographs, emphasising the variety of textures and surfaces found on the island.

Cockatoo Island was hosting an exhibition of 120 artworks by 52 artists, as a part of the Sydney Biennale, at the time of our visit. The students were fortunate enough to view and interact with some amazing, thought provoking pieces across a variety of media.

Mrs Williamson

Cockatoo Island!!!
What kind of name is that? There wasn’t a single cockatoo, just seagulls! Our wise teacher, Mr Middleton, nature extraordinaire that he is, gathers us around as he approaches a nest with some eggs in it. This resulted in the swooping of every single seagull on ‘Cockatoo Island’. We took shelter in a tunnel that travelled through the entire cliff and looked like an old mining tunnel. We all fell silent and I know everyone was thinking about a possible cave in.

Halfway through the tunnel stood what looked like a metal spinifex with alternating blinking lights, and the sound of 1000 crickets inside. At the end we emerged into a small cove with tiny aliens made of tin cans and bottles. They were glowing bright green with neon orange hard hats.

Inside one of the large warehouses on the island an art exhibition was being held. One of the pieces was two huge spirals that you could walk through. At the centre of the second coil was the silhouette of a man bouncing around the walls, with sea animals made of clear, thin plastic hanging from the roof. Another sculpture was of the earth. It started on the ground and then spiralled into the air before emerging on the other side.

Overall the day was full of ‘oh’s’ and ‘ahs’ and ‘duck’ when the seagulls swooped. There were surprises around every corner but definitely no cockatoos!!.

By Tayla Russo
Science Faculty Report

Science Week – Term 3

Year 7 students entertained Gymea Bay Primary School. 7P designed some mini-investigations and presented them to the visiting Gymea Bay students, helping to develop their presentation and explanation skills.

Year 9 Inquiry Based Learning Project

After attending professional development on inquiry based learning techniques, Ms Stanborough and Ms Johnston designed a sequence of lessons for the students to engage in inquiring about Acids and Bases and Electricity. From this students developed Pechu Kuchas (a presentation methodology) which they then presented in front of five schools, Regional DEC staff and industry professionals at the Ultimo Science Festival held at the Powerhouse Museum. This day also engaged the students with Scientists, Mathematicians and Engineers allowing them to experience facets of working in the Science industry.

The projects were varied and students presented their work during the parent teacher night.

Sad Goodbyes

After 35 years and 25 years of service at Kirrawee High School we are sad to lose two of the best Science teachers I have had the pleasure to work with. Mr Gilbert (Gilbo) and Mr Turner are much loved by all their students and colleagues. As one of the senior executive mentioned

“I would like to bottle whatever it is they have…”

We will miss their professionalism, as well as their stories, and wish both a long happy and healthy retirement.

Narelle Johnson
Head Teacher Science
YEAR 9
HOSPITAL PARTY
YEAR 9 HOSPITAL PARTY

Last term one of our Year 9 students went to hospital for a major operation on his legs. We realised that we also had quite a few other Year 9 students who have been to hospital this year, go to hospital on a regular basis, or have close relatives who have been to hospital this year. We decided to have a fundraising ‘hospital party’.

Ms Wallace’s car broke down, but Georgia White’s family came to our rescue and supplied, made and delivered all we needed, and more. They were marvellous. Thank you very much to the White family and their business, Padstow Food Service Distributors.

Georgia made litres and litres of red jelly which was dished out by Ethan Royall, Aaron Hewitt, Patrick Wynne and Marcus Salvatore. 8MAQ had a ratio lesson on mixing red cordial. They were rewarded with pi (e) s later when they did their Circles’ test in class. Year 9 band- aged teachers and each other with toilet paper and were rewarded with chips and red lollipops. Kristine Woodlands, Tegan Berry, Natalie Suoh, Rachel Wilton, Lisa Inglese, Kristin Campbell, Vaughan Barnes, Sarah Greenstein, Sophie Walker and John Crawford collected donations and handed out cups. Codie Grimshaw and others organised music etc. Students were issued with fluorescent band aids. Cameron Burrows and Georgia White were in control of the media. The clean-up crew was marvellous, especially the jelly distributors who washed up. Renee Schydlo, Annie McLennan, Trent Nurthen, Kristin Campbell, Sophie Walker, Witey McCulloch and many others helped clean up.

Thank you to all the teachers who participated at the party. Also to all the other Year 9 students who have not been mentioned by name, but who contributed their money, time and help.

A cheque for $262.25 was sent to the Sydney Children’s Hospital.

We think that all Year 9 are wonderful,
Ms Wallace and Mr McMahon

Have your say in the Shire’s economic future by taking part in the Sutherland Shire Business Survey.

With around 52,000 businesses* operating in the Sutherland Shire, we think it’s important to create an economic snapshot of our diverse business community.

Identifying strengths and potential growth areas, analysing skills shortages and creating employment opportunities, examining customer/supplier markets and exploring suggestions on how we can help local business grow and strengthen the local economy are just some of the areas where we’d like your input.

So, we need your help!

By enabling council to develop meaningful projects to support local business, you’ll also be in the running for some great prizes - so, it’s win-win all round!

Complete the survey at www.surveymonkey.com/s/2012shirebizsurvey or call 9710 0607 for a hard copy. The survey closes on 30 November 2012.

R U OK? Day, Thursday, 12 September

At the end of Term 3, Year 10 made a wall of colourful, decorative HAPPY posters. In groups, and as individuals, they listed their ideas of what makes them happy. We gave each other genuine and authentic compliments, focusing on the positives in our lives. We also asked each other R U OK?

R U OK? Day is a national day of action, dedicated to inspiring all people of all backgrounds to regularly ask each other “Are you OK?”. By raising awareness about the importance of connection and providing resources throughout the year, the R U OK? Foundation aims to prevent isolation by empowering people to support each other through life’s ups and downs.

Mrs Falconer
LAST CHANCE FOR 2012!!!

TAX DEDUCTIBLE SCHOOL BUILDING FUND

One last reminder!! If you haven’t already donated to the Kirrawee High School P & C Building Fund for 2012, your time is running out!!

Remember, all donations made go toward improving facilities at the school (and making it a better place for your children).

More importantly, all donations are tax deductible.

So, if you haven’t already done so & you’re planning on making a donation, your last chance is now! Final donations needed by the end of Week 5, Term 4.

For those of you who have already contributed, we would again like to take this opportunity to thank you for your continued support. Your generosity is greatly appreciated.

Nicola Kelly
P & C Treasurer

Attendance Matters

Late to school
Please remember all students arriving late to school need to report to the late room or reception with a note including a reason for their lateness. Students who do not explain their lateness will be placed on lunch detention.

Early Leave
Students requesting an early leave pass for a specialist appointment or family reason must report to the office before school to hand in their note. Early leave notes with “appointment” will be recorded as Unjustified. Parents must give a specific reason as to why students are required to leave school early.

Exemptions
Students wishing to apply for an exemption from school for a period of time, for example elite sport commitments, entertainment industry commitments and family holidays must submit their request 7 days prior to their scheduled departure. If an exemption is not approved or not requested in the time frame, the student can still be marked as “leave”. Leave can only be granted for 15 days in a calendar year after which all leave may be recorded as UNJUSTIFIED.
Dyslexia Support Group

Do you have a child with Dyslexia?
Do you want to meet other families who are in a similar situation?
The Dyslexia Support Group for the Sutherland Shire and St George area is a forum where parents can talk, exchange ideas, information, resources and experiences with other parents. This support group keeps in contact via email, phone and meeting over coffee on the 4th Monday of the month at 10.30 a.m. at a café in Sutherland.

If you are interested as a parent or as professional in attending the meetings or going on the email list please call Paula Goulden on 9528 4638 or email psgoulden@tpg.com.au

Sutherland Shire Learning Difficulties Support Group Inc

Dyslexia Awareness Month
October 2012

Dyslexia is when a person has difficulties learning to read, write and spell, despite adequate intellect and teaching. In Australia it is estimated that 10% of the population have dyslexia. Dyslexia isn’t something a child will grow out of. It is a lifelong difficulty that can, without appropriate intervention, affect a person’s working life, self-esteem and mental health. Despite dyslexia being known about for years, here in Australia it is not being recognised or funded and children are missing out on appropriate teaching methods that can help them greatly. It is vital that the community stands behind these children and gives them the support they need to succeed at school.

Free Graduated Licensing Scheme Workshops for Learner Driver Parents in the Sutherland Shire

Young drivers are three times more likely to be involved in casualty crashes. That’s why the Roads and Maritime Services has introduced a new licensing scheme, with more supervised driving practice for learner drivers.

To help parents in supervising learner drivers, the Roads and Maritime Services has set up a FREE 2 hour workshop for parents that offers practical advice on how to help learner drivers become safer drivers.

A FREE parents’ workshop will be conducted by David Riches and hosted by Sutherland Shire Council

Wednesday November 28th
Sutherland Shire Council Offices in Elton Street
7.00 pm – 9.00 pm.

Early bookings are essential, by phoning Council on 9710 0341 now to reserve your place, or email mstuart@asc.nsw.gov.au
